

## 2024 Cymru Wales Awards

# Emerging Professional Award 2024

---

This award is to individuals who will provide a 2,000-word essay with photographs to demonstrate how they have personally contributed to and influenced projects that live the principles of the Wellbeing of Future Generations Act. The submission should include evidence of how the individual contributes to the Carbon Net Zero and Sustainability challenges of today and consider the UN Sustainable Development Goals. This is a broad survey topic, and it is an opportunity for individuals to demonstrate their contribution to industry at the early stage of their career. We will accept nominations into this category, but the nominated person should contribute to the submission.

---

Entries must clearly explain how the submission meets the criteria specified.

- Contribution to the Cymru Wales highways or transportation sector
- Role model for highways or transportation
- Active in positively promoting the industry/sector within Cymru Wales
